PROFILE SUMMARY

Full-Stack Developer with a strong frontend foundation and proven backend expertise. I build modern, scalable applications using technologies like Next.js, TypeScript, Prisma, and PostgreSQL, with a focus on clean design, performance optimization, and seamless user experiences. Experienced in both web and mobile (React Native), I thrive in collaborative environments and enjoy solving complex problems while delivering high-quality, production-ready solutions.

WORK EXPERIENCE

LYNOG TECH NIG — Frontend Developer
MAR, 2025 - PRESENT

- Built and maintained scalable admin dashboards using React, JavaScript, and TypeScript, empowering staff to manage products, agents, and user roles with improved efficiency.
- Designed and implemented role-based access control (RBAC) for admin and super admin workflows, ensuring secure and seamless user management.
- Developed Next.js applications leveraging SSR (Server-Side Rendering) and ISR (Incremental Static Regeneration) to optimize performance, SEO, and user experience.
- Delivered pixel-perfect, responsive UIs by carefully translating Figma designs into production-ready web apps with Tailwind CSS, Shadcn UI, and Framer Motion.
- Integrated Prisma and PostgreSQL for type-safe database interactions, and implemented form validation using React Hook Form and Zod.
- Collaborated closely with backend developers and designers to deliver scalable, maintainable features in fast-paced environments.
- Optimized application performance, focusing on bundle size reduction, caching strategies, and smooth user experience across devices.

Freelance Web Developer
APRIL, 2023 - PRESENT

- Built responsive websites and full-stack apps using React, Node.js, and MongoDB.
- Delivered tailored solutions by collaborating closely with clients on requirements and goals.
- Built a mobile application with React Native, applying modern UI/UX practices and integrating APIs for real-time functionality.
- Integrated e-commerce features and optimized performance for speed and scalability.
- Maintained and debugged codebases, ensuring functionality and reliability across devices.
- Managed multiple projects independently, demonstrating strong time and client management.

EDUCATION

B.Sc. Computer Science
ISCOM (Institut Supérieur de Communication, d'Organisation et de Management)
